Help  
keep  
Cincinnati  
great!

If you are looking to make an impact in the Cincinnati area, look no further. The Helping Hands Foundation is looking for people who are willing to donate certain food and clothing items to help support the Kingdom Warriors organization. Kingdom Warriors is a local business that serves to help the homeless in downtown Cincinnati. When COVID-19 struck, Kingdom Warriors quickly ran low on many foods, clothing, and other essential items they needed to supply for the homeless. They need your help to help others through these unprecedented times. If you are interested in donating, please contact one of the following people below to receive a list of specific items that are needed.
